Re: Report on completion of task for 25 August 1995

Pursuant to the Order of the Assistant Minister, Colonel General Mladen MARKAČ, joint special police forces conducted a search of the broad area from the village of Pađeni - Palanka toward the south-east in the direction of the villages of Strmica, Golubić and Vrpolje, covering a total width of approximately 11 km and length of 8 km as the crow flies with the aim of finding and destroying scattered sabotage and terrorist enemy groups and finding equipment and materiel.

Special police units from the joint forces, numbering 580 employees, conducted searches of the terrain in platoon columns as follows:

1. SJP /Special police units/ of the Sisak-Moslavina PU /Police Administration/

A search of the terrain was conducted with 120 employees along the following route: village of Knežević – village of Pađeni – village of Karin – village of Vrpolje.

During the search there was no fire contact and no equipment or materiel was found. About 10 elderly civilians were found in the villages of Zadrovići, Stara Straža and Potkraj.

2. SJP of the Zagreb PU

A search of the terrain was conducted with 120 employees along the following route: the village of Čupkovići – the village of Pašići – Gradina – the village of Zelenbabe – the village of Golubić.

During the search there was no fire contact, and the following equipment and materiel was found: 60 crates of 7.62 mm ammunition, 180 crates of 7.9 mm ammunition and 40 crates of PROM /type of anti-personnel mine/.

A suspicious male person was found in the village of Pašići and handed over to the regular police for criminal processing.

3. SJP of the Brod-Posavina PU

A search of the terrain was conducted with 120 employees along the following route: the village of Čupkovići – the village of Mundići – Radinovići – Plavšići.

During the search there was no fire contact and no equipment or materiel was found.

4. SJP of the Split-Dalmatia PU

A search of the terrain was conducted with 120 employees along the following route: the village of Mrnduše – trig point 430 – the village of Đurići – Golo Brdo – the village of Vukovići.

During the search there was no fire contact and no equipment or materiel was found. The decomposing corpse of a male person in boots with his hands tied was found in the village of Vundići.

#### 4. The Lučko ATJ /Anti-Terrorist Unit/

A search of the terrain was conducted with 45 employees along the following routes: the village of Petrovići – Orlovac (trig point 1201) – the village of Živkovići.

During the search eight to ten enemy soldiers were spotted in the village of Grubor. Two of them opened fire on the members of the special police, who responded with appropriate weapons. This resulted in the killing of Đuro KARANOVIĆ, aged about 45, resident in Belgrade, who was armed with a 7.9 mm calibre sniper rifle /and/ the arrest of Stevan KARANOVIĆ, aged 30, from the village of Plavno, armed with a 7.62 mm calibre PAP /semi-automatic rifle/.

The above men were members of the so-called SVK /Army of the Serbian Krajina/. The other members of the enemy group fled in the direction of the village of Strmica. Due to the combat use of ROB /hand grenades/, three cowsheds and two houses were set on fire, on which occasion two unidentified female persons and two elderly men, Miloš GRUBOR and Jovo GRUBOR, were killed.

There were no casualties among the employees during the performance of the task.

#### 5. SJP of the Osijek-Baranja PU

A search of the terrain was conducted with 150 employees on the following route: the village of Petrovići – the village of Palanka – the village of Strmica.

During the search there was no fire contact and no equipment or materiel was found. In the villages at the initial position, 54 civilian persons were registered.

#### MEDICAL SUPPORT

During the search, medical support was provided to the joint forces by two K.A.M.E. /expansion unknown/

#### ARTILLERY SUPPORT

Artillery support was provided by a battery of the SJP of the Zagreb PU.

#### NOTE

The Croatian civilian police has not yet established contact with the civilians who were found. The list of civilians who were found was made by members of UNCRO.
